Silver Lake Weighing Tech

SPECIFICATIONS

Display	240*128mm LCD display
Units	kg / ton / lb
Output	1*RS232 and 1*RS485
Display Resolution	1/3,000-1/60,000
A/D Rate	120 times/second
Operating Temperature	0 ºC - 40 ºC
Enclosure	SUS304 stainless steel

FUNCTIONS

- Auto zero range
- Programmable date to lock
- Continuous and stable output
- Multi communication protocols

MODELS

Model	Part No.
JN-3OOOT	102002
JN-3000D	102003

OPTIONAL

Accessories	Part No.
ScaleX operating system	109011
Ethernet	109012
Multi-range	109013
Keyboard connecting	109014

260mm

195mm

option   lb kg   RS232   RS485

FEATURES

- Default with 1*RS232 and 1*RS485
  The RS232 with adjustable baud rate.
- Fast response
- 26 function keys
  Easy to operate.
- All communication interface isolation and Anti-surge design
  It is more suitable for tank trucks and so on.
- Analog version – SL3000T:
  *Drive up to 12*3500Ω load cells*
- Digital version – JN3000TD:
  Working with FLINTEC HBM AWT* FLINTEC* CAS* ZEMIC* and more digital load cells*
  All brands and logo belong to the owner.

EXCITATION

Power
100-240V AC

Load cell
12*3500Ω--JN OOOT
Digital load cells-- SL3000D

PACK SIZE
330*260*210cm (1pcs)

WEIGHT
2.8kg (1pcs)
